

SENDCo Toolkit

2023 -2024

SENDCO Toolkit 2023-2024

Objectives

This toolkit is an interactive PDF document with hyperlinks to provide practitioners with a central point where they can access most up to date paperwork, information and guidance on SEND service and other professional services that you may need to use in your role as SENDCo.

Who is it for?

The SENDCo Toolkit is for new and experienced SENDCo's and other support staff working with children and young people with special educational needs and disabilities in Redcar and Cleveland. The SENDCo toolkit links closely with our SENDCo Handbook which is renewed on a yearly basis. The SEND Professional Portal should be used when submitting any annual review/EHC Needs assessment requests.

Why are we doing this?

The SENDCo toolkit should be a one stop place where you can easily access the most up to date information that you may need to support our children and young people with SEND. The information can also be found within the SENDCo Handbook 2023-2024..

If you would like to add more resources to this toolkit, or to report a broken link please email monica.wheater@redcar-cleveland.gov.uk

Table of Contents

1	SEND Service
2	SEND Service - paperwork
3	Other Services
4	New to SENDCo role
5	Inclusion Service
6	Health and Therapy Services
7	Mental Health: CAMHS and Neuro Pathway
8	Social Care
9	EHC Needs Assessment and EHCP Annual Review
10	Children and Young People's Disability Register

Children's Disability Register

Send Local Offer

The SEND Local Offer provides information for children and young people aged 0 – 25 with SEND. It includes information about mainstream and specialist education, health and care provision, accessible and inclusive activities, support services and post-16 education and training opportunities.

Children and Young People's Disability Register

The Disability register is a database that holds information about children and young people who live in Redcar and Cleveland. The Children's Act 1989 required us to keep a register. This register helps us to plan and develop services for children and young people with disabilities, it helps us know who we have, where they are and what they may need support to support them. In addition to planning, the register also help us to involve and inform families as well as keep in touch to share news and updates about services.

MAX Card

Parent/ carers may also want to apply for a Max Card, a discount card for children with send.
